PROFILE

Detail-oriented and highly motivated BTech Computer Science Engineering graduate with strong foundational knowledge in software development, data structures, algorithms, and database management. Proficient in programming languages such as Java, Python. Experienced in developing projects using full-stack development frameworks. Adept at problem-solving and debugging, with a keen interest in learning new technologies. Excellent team player with strong communication and analytical skills, seeking to leverage my technical and professional expertise in a challenging software engineering role.

Technical Proficiencies

- **Languages:** Java, Python
- **Libraries:** Numpy, Pandas, Matplotlib, Seaborn
- **GUI Libraries:** Swing, AWT
- **Platform and Frameworks:** Power BI, Jupyter Notebooks, Scikit-Learn, TensorFlow
- **Database:** MySQL

Certifications / Achievements

- Data Analysis and Visualization with Power BI MICROSOFT
- Crash Course on Python GOOGLE
- Programming in Python META
- Data Analysis and Visualization with R Programming GOOGLE
- Supervised Machine Learning: Regression and Classification STANFORD
- Introduction in Databases META

Education

Raj Kumar Goel Institute of Technology (AKTU)	Ghaziabad, UP, India
Computer Science and Engineering (Data Science), B.TECH	Pursuing
Vidhan Public School (CBSE)	Ghaziabad, UP, India
Intermediate	2021
Vidhan Public School (CBSE)	Ghaziabad, UP, India
Matriculation	2019

Projects

- Bank Management System
- Movies Recommendation System
- Library Management System
- Password Generator
- Hotel Booking (Analysis and Visualization)
